

AT A GLANCE

PlanITROI is a “secure purpose-driven” IT lifecycle management solutions company leveraging the circular economy to bring affordable technology to lower income families, students and businesses so they can learn and earn. Taking the waste out of E-Waste in order to close the digital divide, PlanITROI’s 100% data secure approach helps organizations achieve critical Environmental Social Governance (ESG) & Corporate Social Responsibility (CSR) goals while recovering the highest possible value for their assets.

▶ CHANGING LIVES BY THE NUMBERS

Lives changed with affordable technology

▶ WE ARE EVERYWHERE YOU NEED US TO BE

Servicing you in 87 countries

with 1 Million+ square feet of global logistics, processing and storage

▶ Secure Purpose-Driven IT Asset Disposition

People

Refurbished and Recertified devices create an affordable option to close the gap on the digital divide.

Planet

Reuse of devices provides a significant reduction in E-Waste, effectively taking the “waste” out of E-Waste.

Profit

Turn the expense of IT asset disposition into a profit for their retired, idle and excess assets while achieving Environmental Social Governance (ESG) and Corporate Social Responsibility (CSR) goals.
